

Celebrating
A Year Without A
STROKE

“A year without a stroke is a year you can enjoy doing all the things that you worked all of your life to finally get to do.”

The risk of stroke from atrial fibrillation (AFib) is real, and can quickly change your life. Watch the real stories of people who have experienced and seen first-hand how serious AFib-related strokes can be. They all share the mission of educating patients and their loved ones about stroke risk and prevention, so that they can Celebrate a Year Without a Stroke.
